

Anna's Happy Trotters Hog Roast

Whether you're having a wedding, birthday party, christening or any special occasion, a hog roast is the perfect way to feed many mouths and provides a taste sensation, whilst giving that all important "wow" factor.

We can simply hire out the machine and deliver with the pig for you to cook yourselves, for those on a tighter budget, or we can bring you the full works, cook and serve the hog for you, accompanied by mouthwatering stuffing, apple sauce and bread rolls, and other optional sides, so all you need to worry about is not spilling delicious food down your outfit!

Give us a call or send us an email for quotes and to discuss your various options so we can deliver the ideal package to cater for your needs.
